EXPERIENCE

2016 Applied Behavioral Analyst at Therapy Relief
ABA implementers are solution-focused and create programs based on data, centered around client's interests to achieve educational and behavioral goals. Some of my recent programs involve Ninja Turtle token boards, marshmallows, and riding scooters to help serve my clients w/ ADHD.

2014 Wilderness Therapeutic Camp Guide at Great Circle

Meramec Adventure Ranch guides teach efficacy to at-risk youth by tactfully leading foster care children through high risk adventures such as: high ropes obstacle courses, horse back rides, zip-lines, lake blobs, mud courses, wilderness survival and more.
